

# AGENDA

1st International FRP Conference  
& Mini-Exhibition

## Composite Ukraine

13 February 2020

Grand Admiral Resort & SPA  
Varshavskaya Str. 116 (drive from 11 Liniya Str.)  
Irpın, Kyiv Oblast (Region), Ukraine

07.00 - 08.00

**Breakfast** for guests of Grand Admiral only  
(SPA building, Mozart Hall Restaurant)

08.00 - 09.00

**Conference Registration**  
**Welcome coffee**  
(Conference Center, floor 1, Grand Hall)

09.00 - 09.10

**Official opening, Opening remarks**  
(floor 1, Grand Hall)

09.10 - 11.30

**Session 1 (floor 1, Grand Hall)**

"Composites industry of Ukraine: it's time to grow up"  
**Dmitry Oreshkin, Ekipage Technological Group**

"Industrial Applications for Chemical Resistive Unsaturated Polyester and Vinylester Resins"  
**Dragan Zivkovic, Color SIM**

"Advanced Composites: Growing Market or Unattractive Niche?"  
**Sascha Huebers, BYK**

"Training of Specialists in Design and Manufacturing of Composite Structures in Ukraine"  
**Maryna Shevtsova, National Aerospace University Kharkiv Aviation Institute**

"Civil and military using carbon fibers compound"  
**Yury Shelest, Alpha-Plast**

"Structural adhesives for composites. Bonding composites with plastics, metals and other materials to achieve high strength characteristics"  
**Andrey Tokar, UMS Polyester**

11.30 - 11.45

**Coffee Break (floor 1, Grand Hall)**

11.45 - 14.00

**Session 2 (floor 1, Grand Hall)**

"GRP applications in road and city infrastructure"  
**Tatyana Mykhaylova, Severodonetsky Stekloplastic**

"Improving the durability of asphalt concrete pavement of transport structures by adding basalt fiber"  
**Artur Onischenko, National Transport University**

"Research and prospects of using basalt-reinforced rebars in bridge construction"  
**Petro Koval, DerzhdorNDI SE**

"Normalization of application of basalt composite mini rebar and non-metallic rebar concrete structures of transport infrastructure"  
**Ihor Babyak, DerzhdorNDI SE**

"Innovative advantages of an aeration system made of composite materials at biological treatment plants of coke production"  
**Dmitry Kotlyachkov, Ecocomposite**

"System technical solutions for strengthening of reinforced concrete and brick structures with modern composite and cement-polymer materials"  
**Sergey Bogdan, Mapei Ukraine**

14.00 - 15.00

**Lunch Break**  
(floor 2, Red & Black Halls)

15.00 - 17.00

**Session 3 (floor 1, Grand Hall)**

"Experience in the use of glass composite profiles in the structures of seaports in Ukraine"  
**Oleg Shybeko, Armastar**

"Fire retardant systems in transport applications"  
**Marek Scerba, Saertex**

"Quality as composite kayaks production strategy"  
**Eugene Kuleshov, Nika Composite TM**

"Technical and economic aspects of application of glass fiber reinforced polyester molding compounds (SMC) for transport and agricultural machine manufacturing"  
**Michael Polotzki, Menzolit**

"Use of GRP pipes in water & sewerage, oil & gas transportation, aggressive environment"  
**Oleg Karandashov, Glass Fiber Plastic Pipes**

17.00 - 17.15

**Coffee Break (floor 1, Grand Hall)**

17.15 - 19.00

**Session 4 (floor 1, Grand Hall)**

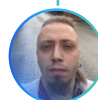

"History and prospects of polymer composite applications in An aircrafts"  
**Sergey Bychkov, Antonov**

"Development of polymer composites in modern conditions of Antonov"  
**Alexey Andreyev, Antonov**

"Composite Parts Production Developments in Yuzhnoe Design Office"  
**Anjelika Simbirikina, Yuzhnoe Design Office**

"Development trends of special application composite materials in Ukraine"  
**Denis Chervakov, Ukrainian State University of Chemical Technology**

19.00 - 20.00

**Free time**

20.00 - 23.00

**Gala dinner**  
(Red & Black Halls)

● Simultaneous English/Ukrainian and Ukrainian /English translation will be provided
